

ICCG12 Publication Schedule

Conference Proceedings / Book of Abstracts

A **Book of Proceedings** with all conference contributions (oral and poster presentations) will be available for download at the beginning of the conference. In addition, a printed **Book of Abstracts** will be handed out to every conference attendee at the registration desk.

The length of full papers is limited to 8 pages, however, longer papers can be submitted on request. Alternatively, extended abstracts with typically 2-4 pages can be submitted. Extended abstracts can also be used for the Book of Abstracts.

Manuscripts will be published as received, e.g. without peer review, however, they will be proofread and formatted consistently before publication. In order to guarantee a timely and complete publication of the proceedings, we kindly ask you to read the provided formatting guidelines for the manuscripts carefully and submit your manuscript no later than **April 06, 2018**. In case we do not receive your manuscript in time, the originally submitted abstract will be published.

Thin Solid Films | Peer-Reviewed Scientific Publication

In addition to the ICCG12 conference publications, there will be the opportunity to submit scientific papers for publication in Thin Solid Films (www.journals.elsevier.com/thin-solid-films). The papers will be published as a ICCG12 Virtual Special Issue (VSI) and will be part of the regular peer-reviewed publication process. Please note, that only original, scientific work can be accepted for publication in this journal.

The ICCG12 VSI platform for submission of manuscripts will go online in April 2018 and will be up no later than **July 01, 2018**. We kindly ask you to adhere strictly to this deadline as later submissions cannot be accepted for publication in the ICCG12 virtual special issue! The manuscripts are going through the regular peer-review process guided by the ICCG12 editorial team. The finalization of the ICCG12 VSI is scheduled for **Nov 30, 2018**.

Further information on publication process will be sent as soon as the VSI platform is online.

Should you have any questions or need further information, please contact the editorial team at
